**Subject: Expansion of Farmer's Participatory Action Research Programme
(FPARP) for 2nd Phase**

Sir/Madam,

The Ministry of Water Resources (MoWR), Govt. of India had taken up the implementation of scheme of Farmer's Participatory Action Research Programme(FPARP) and work was awarded to various institutes for demonstration of already established technologies in 5000 demonstration plots with participation of farmers. The budget allotted was approx. Rs. 50,000/- per demonstration of approximately 1 ha size of plot limited to Rs. 50 lakhs per institute covering 100 demonstrations sites. The 1st phase of the FPARP programme is almost complete. The MoWR has decided to extend the programme and conveyed the approval of competent authority for expansion of FPARP for 2nd Phase for conducting 5000 demonstrations at a cost of Rs. 25 crore during remaining period of XIth Five Year Plan i.e. year 2010-11 & 2011-12. The list of identified technologies is enclosed as **Annexure-I** which could be taken up during 2nd Phase. The priority area and preferences of technologies mentioned under the list for a particular institute may be adhered to for taking up the demonstrations in 2nd phase. Further, the particular technology demonstrated by an institute in a village during the 1st phase should not be demonstrated in the same village during the 2nd phase of FPARP implementation.

Your institute was one of the institute to whom the work was awarded on the basis of the willingness of the institute to join the programme and recommendation of PIT/ acceptance of MoWR of the technology proposed to be demonstrated by the institute under Phase-I. If you are willing to participate in the 2nd phase of FPARP, which will involve demonstrating of identified technologies only as mentioned in enclosed Annexure-I & in the new villages which were not covered under first phase by your institute, you may submit the detailed proposals in the enclosed performa (**Annexure-II**) separately for each technology in **quadruplicate** by 30th September, 2010 positively.

The proposals submitted will be evaluated by Project Implementation Team (PIT) for making recommendations to the Ministry of Water Resources (MoWR), Govt. of India for entering in to MOU with institute/ organization for award of work/ execution of FPARP for 2nd phase.

The guidelines of FPARP for 2nd phase are under consideration in Ministry. As soon as it is approved, the same will be sent to you for further necessary action.

Encl.: As above

Yours sincerely,

(B.C. VISHWAKARMA)

Subject: Expansion of Farmer's Participatory Action Research Programme (FPARP) for 2nd Phase

Sir/Madam,

The Ministry of Water Resources (MoWR), Govt. of India had taken up the implementation of scheme of Farmer's Participatory Action Research Programme(FPARP) and work was awarded to various institutes for demonstration of already established technologies in 5000 demonstration plots with participation of farmers. The budget allotted was approx. Rs. 50,000/- per demonstration of approximately 1 ha size of plot limited to Rs. 50 lakhs per institute covering 100 demonstrations sites. The Ist phase of the FPARP programme is almost complete. The MoWR has decided to extend the programme and conveyed the approval of competent authority for expansion of FPARP for 2nd Phase for conducting 5000 demonstrations at a cost of Rs. 25 crore during remaining period of XIth Five Year Plan i.e. year 2010-11 & 2011-12. The list of identified technologies is enclosed as Annexure-I which could be taken up during 2nd Phase. The priority area and preferences of technologies mentioned under the list for a particular institute may be adhered to for taking up the demonstrations in 2nd phase. Further, the particular technology demonstrated by an institute in a village during the Ist phase should not be demonstrated in the same village during the 2nd phase of FPARP implementation.

Your organization/ institute/ college might have done some pioneer work on water conservation and management, which could increase productivity and profitability of agriculture or in other words could increase yield and income per drop of water.If you are willing to participate in above mentioned Farmers participatory action Research Programme (FPARP) for 2nd phase, which will involve demonstrating the technology/technologies as identified & enclosed as Annexure-I, you may submit the detailed proposals in the enclosed performa (Annexure-II) separately for each technology in **quadruplicate** by 30th September, 2010 positively.

The proposals submitted will be evaluated by Project Implementation Team (PIT) for making recommendations to the Ministry of Water Resources (MoWR), Govt. of India for entering in to MOU with institute/ organization for award of work/ execution of FPARP for 2nd phase.

The guidelines of FPARP for 2nd phase are under consideration in Ministry. As soon as it is approved, the same will be sent to you for further necessary action.
