Sub: Review meeting on status of Pending Pension cases by Chairman, CWC on 17.12.2020 – reg.

Sir,

The undersigned is directed to refer deliberations held during the meeting taken by the Chairman, CWC on 17.12.2020 to review status of Pending Pension cases and to say that following points emerged for necessary compliance:

1. It was observed that Pension Monitoring System (PMS) is not being updated regularly and Field Chief Engineers, CWC may direct the concerned Nodal Officer under their respective organisation to update PMS on monthly basis.
2. Chairman, CWC emphasised to resolve all the pending pension cases in time bound manner and desired that SOP for processing the pension/ family pension cases may be devised which may be followed by the division offices while processing the pension/ family pension cases so as to avoid any further comments by PAO, CWC. A copy of guidelines/ procedure to be followed for processing the pension/ family pension cases provided by Sr. Accounts Officer, PAO, CWC vide letter dated 30.12.2020 is enclosed herewith for strict compliance.
3. It was observed that many work charged employees have expressed their inability to return due amount on conversion from New Pension Scheme to Old Pension Scheme and their cases are being processed with recovery from their retirement/ service gratuity. Sr. Accounts Officer, PAO, CWC informed that PAO is authorised to make recovery from retirement gratuity only. For recovery from service gratuity, permission from DoPT is required to be obtained on case to case basis. Chairman, CWC desired that all such cases involving recovery from service gratuity may be taken up by Pension Section, CWC (HQ) for seeking permission from DoPT. All cases of such employees who have expressed their inability to pay their dues and requested in writing to have their dues recovered from their service gratuity may be compiled by respective division offices and sent to E-IV Section so that a consolidated proposal may be prepared and sent to DoPT.

4. If an employee retired before introduction of PFMS, happens to be converted from New Pension Scheme to Old Pension Scheme, his case is also liable to be processed through Bhavishya. In case Division Office is not able to process the case in Bhavishya, the issue may be taken up with NIC, Bhavishya for processing the case manually and further submission to PAO, CWC through PFMS.

5. Division offices may also pursue with NIC, Bhavishya to get the status updated on conversion from NPS to Old Pension Scheme in Bhavishya.

This issues with approval of Chairman, CWC.

Yours faithfully,

Encl: As above

(Saikat Biswas)
Deputy Director
