India- International Institute for Applied Systems Analysis (IIASA) Programme has been conceptualized as bilateral collaborative activity between Technology Information, Forecasting and Assessment Council (TIFAC), an autonomous organization under the Department of Science & Technology and International Institute for Applied Systems Analysis (IIASA), Austria.

IIASA, as part of their 50th anniversary is cohosting the Regional Conference "**System Analysis in Asia**" with different countries in Asia. In Asia, countries face regional challenges including socio-economic change, the competition for natural resources, transboundary issues, environmental problems, the management of megacities and the need for effective sustainability strategies.

The international conference aims to foster dialogue between the research and policy communities focusing on regional challenges that Asia is facing. It will bring together policymakers, researchers, and other relevant stakeholders to identify complex issues shared by countries in Asia and to explore how the multilateral application of systems analysis can be used to address them. IIASA would co-host the conferences to explore the role of systems analysis in addressing regional and societal challenges, and provide input into the strategic and research direction of IIASA.

The likely dates for the conference would be August 11-13, 2022. The important dates regarding conference are as given under:

Key Conference Dates:

22 April 2022	Announcement of program
1 May 2022	Registration opens
30 June 2022	Early Bird registration closes
11 July 2022	Final program and speakers
10 August 2022	Conference starts

Submission Deadlines:

22 April 2022	Call for abstracts opens
7 June 2022	Call for lecture abstracts closes
15 June 2022	Notification of lecture abstract acceptance
5 July 2022	Call for poster abstracts closes
18 July 2022	Notification of poster abstract acceptance
7 August 2022	Deadline to upload online poster

It is requested that interested CWC Officers who wish to submit the paper(s) may do so with the permission of the Chief Engineer concerned and they are requested to contact the organizer Ms. Sangeeta Baksi, Scientist, Head-Resources Cell, Technology Information, Forecasting & Assessment Council (TIFAC), (Department of Science & Technology, Govt. of India, Vishwakarma Bhawan, Shaheed Jeet Singh Marg, New Delhi-110016, Phone: 011- 42525777 and go through the web link given below:
